CONSTRUCTION NEWS

The firm of Carnivale and Lohr has been contracted to arrange for the shipment, finishing and installation of the altar in the new church building. Carnevale and Lohr, headquartered in Bell Garden, are recognized as specialists in supplying, fabricating and installing natural stone especially marble and travertine. Among their numerous ecclesiastical accomplishments are the altars in both the Cathedral and St. Monica's and the copula on San Juan Capistrano's Basilica.

Crews are currently completing the application of sheathing paper on the exterior of the church building. This product is a thick tarpaper used to provide a surface onto which the final exterior finish can be applied. It also serves to withstand moisture.

As most of the walls in the interior of the church building will be covered with finished woodwork, the mounting of wood from floor to ceiling will soon begin. This will be done at the same time as electrical work continues.

SIMBANG GABI
SATURDAY, DEC. 16 AT 5:15 PM

Simbang Gabi (Simbang means Mass and Gabi means night or evening) is a Filipino spiritual tradition which began in the Philippines around 1669. This novena of masses expressed the sentiments of the people toward Mary and manifested the Filipino rite of celebrating life in more festive ways. These Masses would be celebrated in the early hours of the morning (as the rooster crows - to announce a new day) so that they could go back into the fields to work. However, when the Filipino immigrants brought this tradition with them to the United States, it was not practical to have these celebrations that early in the morning, so now the local churches have the celebrations at night while keeping the substance of the celebration.

All are welcome to participate in this bi-lingual (English-Tagalog) celebration. Reception following in O'Callaghan Center.
