PROTECTING GOD'S CHILDREN

DID YOU KNOW?

Review swimming safety rules

If your children will be cooling off at local pools or the beach this summer, it is time to review some basic water safety rules. Make sure your children have been taught the basics of swimming and water survival skills and review those skills before you send them off. When you go to pools or the beach, consider appointing a rotating water watcher — an adult in charge of watching the water to make sure all the children are safe at all times. For more tips, visit <https://www.safekids.org/tip/swimming-safety-tips>.

Tips to guarantee children's safety around swimming pools

Drowning is the leading cause of injury-related death among children ages 1-4, and it is the third leading cause of unintentional injury-related death among children 19 and under. To avoid a tragedy, following are a few tips when watching children in or around the water: keep young children and weak swimmers within arm's reach of an adult; make sure more experienced swimmers are with a partner every time; choose an adult to be in or near the water carefully watching children; **teach children how to swim**. For more information, visit <https://www.safekids.org/poolsafety>.

PROTEGIENDO A LOS NIÑOS DE DIOS

¿SABÍA QUE?

Revisar las reglas de seguridad para nadar

Si sus hijos se van a refrescar en las piscinas locales o en la playa este verano, es hora de revisar algunas reglas básicas de seguridad en el agua. Asegúrese de que a sus hijos se les hayan enseñado los conceptos básicos de natación y de supervivencia en el agua y repase esas habilidades antes de enviarlos. Cuando vaya a las piscinas o a la playa, considere designar a un vigilante de agua rotativo —un adulto a cargo de vigilar el lugar de natación para asegurarse de que todos los niños estén seguros en todo momento. Para obtener más consejos, visite <https://www.safekids.org/tip/swimming-safety-tips>.

Consejos para garantizar la seguridad de los niños en las piscinas

El ahogamiento es la principal causa de muerte relacionada con lesiones entre los niños de 1 a 4 años de edad, y es la tercera causa principal de muerte no intencional relacionada con lesiones entre los niños de 19 años y menores. Para evitar una tragedia, los siguientes son algunos consejos cuando observe a los niños en el agua o cerca de ella: mantenga a los niños pequeños y a los nadadores débiles al alcance de la mano de un adulto; asegúrese de que los nadadores más experimentados estén siempre con un compañero; elija a un adulto para que esté en el agua o cerca de ella vigilando atentamente a los niños; **enseñe a los niños a nadar**. Para obtener más información, visite <https://www.safekids.org/poolsafety>.
